

Built for AJAX. Tested the Right Way.

A dedicated square-fit attachment for DetectaHead[®], designed specifically for AJAX FireProtect smoke & CO detectors.

*delivering fast, compliant testing with a completely **oil-free** formula with DetectaSmoke[®].*

Part Number: DS5

Description: DetectaCup[®] AJAX
International Design Registration Applied For

Purpose-built for AJAX

Square-fit design ensures accurate alignment with AJAX smoke & CO detectors for reliable activation every time.

Works with your existing DetectaHead[®]

Simple add-on attachment, ideal for engineers who already use DetectaHead.

Oil-free testing formula

Leaves no residue, no contamination, and no risk to sensitive detection chambers.

Manufacturer-friendly approach

Supports best practice testing without compromising alarm performance or longevity.

Quick, secure fit

Attaches easily for fast setup on site, reducing time per test.

Cost-effective upgrade

Buy the AJAX attachment on its own or as part of a complete DetectaHead setup.
